We hope this forum can be a place where users discuss their experience with the Wicked Edge Precision Sharpener and where a community will develop around the common passion of razor sharp knives. If you come across a technical challenge or if you find a solution to one, please post it here for everyone to see. We'd also love to see your results so if you have pictures or videos of your Wicked Edge sharpened knives, please post 'em! Thanks and welcome to the forum.

Hello to all,

Just wanted to introduce myself as I am new to the site and the world of "Wicked Edge".

Age: 49

US Army Infantry Veteran

Divorced(in process)

Senior IT QA Engineer

Haven't ordered my WE-Pro yet but I plan to on Monday along with the superfine ceramics. I figure those should get me started until I'm hooked. I've been lurking awhile and finally will have the funds available.

Clay, the new site looks fantastic. Sorry you have been having a few "technology opportunities" with it.

It has a great look and feel and your images and videos a excellent.

Please take it easy on me.

Hi! Didn't know you had a forum Clay. Looks like I have found a new place to hang out.
I've been using the WE for about five months now and I love it! Can't wait to pick your brains.
