How about a section for WTS/WTT/WTB?
Posted by razoredgeknives - 12 Jul 2012 09:45

I think this would be very helpful to have Clay. For example, I'm selling my DinoLite but didn't have anywhere to post it here so I had to post it on bladeforums. Would like to see this on the WE forums so that way we can pass gear/knives around, sell used items/stones for a good price to each other, and get stuff we need. Maybe have one for sharpening accessories, one for knives, and one for other gear. I know that this isn't the point of the WE forums, but I like to think that we are a closer knit bunch than most of the other forums and would like to see the option to help each other out in this aspect here and there. Thanks.

Josh,

Thank you for the suggestion. Please check out what I've created so far WTS/WTT/WTB at the bottom of the page and give your feedback as to how to improve it.

-Clay
