I already wondered what I was missing...

Believe me, I only increase karma. Mostly in real life

So what are the reasons why negative karma was removed Curtis?

Who made the decision and why?

I don't know... just noticed it was gone.

Interesting idea.

Moderators can't, I don't know about admin, but I'm pretty sure they don't (or it probably wouldn't have been removed).

I can still reduce Karma (although I don’t). Or am I admin?

No idea. I can't,,, so I assumed it was gone at the moderator level. Maybe you're admin.

Hi guys

Well I am an administrator and I checked to see whether I can reduce karma or not, but I cannot see any way of doing it on my controls. So if it is admin, then it is at a higher level than my Global Moderator position.

Cheers

Then I'm ueber moderator.
. Just reduced Curtis' Karma from 31 to 30. (But to make up for it, I'll soon raise it again.)

Haha... you can leave it... I like even numbers.

But if it ever drops again, I know who to blame.

How did you do that Mark? Are my old eyes failing me? Or is my noodle not working right!

Ok, so we have a "karma-mechanic" amongst us (Genesis of Peter Gabriel days).

As far as the original topic, I am too broke to pay attention.

Sorry, couldn't resist

Now off to hack the Wicked Edge site.
