Backlog uodate

I am sure I am not the only one going a bit nuts counting the hours until I get my WEPS which is not due until Sept. It would be great if there was some sort of automated sytem one coud sign into to determine due date or get an update without plaguing the staff with individual emails.

I was thinking of making a youtube of me singing "I want my WEPS" to the tune I want my MTV... but my dog starts barking and whining everytime I sing. Maybe I'll hum with the lyrics printed out.

Received my shipping confirmation yesterday, can't wait to sharpen some knives finally! I'll report back in when I have a chance to use it.

Receieved my shippping notice on 11/23 that it had shipped 11/22. I hope i can say that it was worth the wait. I will put it up against another knife sharpener, and see which one I like the best.

Quick question, I ordered the WEPRO1 on the phone on 11/18/2011 & was told a 3 week delivery since all items were in stock & you just needed to fulfill the backorders then mine would be shipped. I was wondering if it was 3 weeks till the order is shipped or 3 weeks for delivery? The order # is 1743.

Thanks

Got my shipping confirmation last night; it's due tomorrow by COB. I feel like a kid a Christmas....

Super fine ceramics are back logged though. Need to find those somewhere.
