# Backlog uodate

I am sure I am not the only one going a bit nuts counting the hours until I get my WEPS which is not due until Sept. It would be great if there was some sort of automated sytem one coud sign into to determine due date or get an update without plaguing the staff with individual emails.

I was thinking of making a youtube of me singing "I want my WEPS" to the tune I want my MTV... but my dog starts barking and whining everytime I sing. Maybe I'll hum with the lyrics printed out.

@babo what is COB?

If some people are having to wait weeks & months are they being charged when they order or charged when the items are about to ship?

I am hoping that I won't have to wait as long as the past orders have been. On the WE product description it says that all orders by 12/15 will be delivered by Christmas, so hopefully my order on 11/18 will be delivered in the 3 week timeframe I was quoted, 4 weeks max.

COB = Close of Business/End of Day.

Hopefully Clay and Team are getting caught up on the back log.  I know they don't like it any more than we do.

Received today 12/7/2011. Just did my first trial on an old, beat-up swiss army knife, and I love the ease of use and the amazing edge I managed to put on it. I'm not going to polish stage on this blade because it's just a utility blade, but it's still amazingly sharp. Will do a few more of these beater blades before I move to some more important blades. Thanks for an excellent product!

I called in to see if the order was still on schedule for delivery & I should have a tracking number by the 16th of December. As long as I have my Pro Pack by Christmas I'll be happy. I couldn't wait to sharpen my knives so I ended up buying the Gatco Ultimate Diamond System for $89 at Cabela's. I have gotten blades very sharp (by taping sandpaper up to 3000 grit & a leather strop with white & red rouge chalk to the Gatco ceramic hone) , now I will have something to compare the Wicked Edge Pro to. I already have a few coworkers waiting for me to get the WE so I can sharpen their knives for $5 each.

UPS delivered my Wicked Edge today. I recorded the unboxing & plan to edit together an unboxing video on YouTube. Very impressed in the machining quality & secured packaging. Great job guys. If anyone is interested in seeing my future Wicked Edge sharpening videos, my YouTube user name is M0DiFiEDZ (the 0 is a zero) please subscribe. I noticed there is insufficient Wicked Edge sharpening videos & I would like to help out.
