Backlog uodate

I am sure I am not the only one going a bit nuts counting the hours until I get my WEPS which is not due until Sept. It would be great if there was some sort of automated sytem one coud sign into to determine due date or get an update without plaguing the staff with individual emails.

I was thinking of making a youtube of me singing "I want my WEPS" to the tune I want my MTV... but my dog starts barking and whining everytime I sing. Maybe I'll hum with the lyrics printed out.

That's actually why I ended up with an EdgePro first, Young. But this is just too awesome a tool to pass up, the weight will be worth it in spades!

Most likely. Of course, in a couple weeks we'll be back grousing about how long the wait for the Chosera/Shapton paddles is...

As far as I know, there should be a fresh supply of Chosera stones waiting for their paddles.

I'm not complaining... I'm commiserating.

I knew when I ordered there was going to be at least an 8wk wait. From the fellows on the blade and knife forums I figured it would be a little longer.

I just wouldn't mind it arriving early.

Hey Lucky,

They didn't come in with the rest of the stuff - they're running about 2.5 weeks behind so we expect them in during the 3rd or 4th week of the month.
