Backlog uodate

I am sure I am not the only one going a bit nuts counting the hours until I get my WEPS which is not due until Sept. It would be great if there was some sort of automated sytem one coud sign into to determine due date or get an update without plaguing the staff with individual emails.

I was thinking of making a youtube of me singing "I want my WEPS" to the tune I want my MTV... but my dog starts barking and whining everytime I sing. Maybe I'll hum with the lyrics printed out.

oh for God's sake!! The MNs are for the kids to learn on! Hunting is with a Remmy 700 (sub MOA). Or an M1A (a bit less than 2 MOA), Or a Saiga 12. I'm just adding the bayonets to the things to get sharp list if they fit. LOL, I just found my mum's Girl Scout knife which dates back to the 1950's which just got added to the list. Not sure what she'll do with it once its scary sharp.

Clay, do you know what order number you'll be reaching with this batch?

Please don't quote me but I think it's the high 2200's.

My apologies for quoting you, but once it's online, its out here forever!

Did #2271 make it under the wire (burr perhaps in this arena)? I got a weekend in the woods coming up in Oct and I want to see how a really sharp skinning knife works compared to just a sharp one.

LOL, also just bought two mosin-nagents complete with bayonets... never sharpened a bayonet before....

Hey there - please call the office 877-616-9911 and check. Either Bob or Kay can tell you for sure. I'm away at hunting camp now

Mine arived today...close call though

I live on top of a mountain with a cul de sac going North & South.

The houses are numbered 1 through 6 on each end.

I was leaving the house and noticed the big brown truck at # 4 of the other end.

I asked him if he had a package for 4 North...telling him my name

He said a few choice words and turned and walked up to the porch of 4 South and got my package!

close call...

Dang, congrats! I'm 2119 and haven't even received my shipping email yet. Clearly, not all is by order number!

I was about to say the same thing about my order number (2207), but yours is way ahead of mine. What

gives?
