Ontario SP50 Posted by MichaelZabojnik - 26 Sep 2012 19:52

The Wicked Edge doesn't disappoint in large, heavy use, survival knives either.

This was done using only what comes in the Pro-Pack 1 kit. It may not have a technical .025 micron mirror finish, but "it got a purdy shine t' it."

Good to hear... don't see this written about as often.

Nice photo too!
